SUMMARY

Full Stack Developer with experience building secure, scalable web apps using **Next.js**, **NestJS**, and **ASP.NET MVC**. Skilled in clean backend logic, responsive UIs with **Tailwind CSS** and **Razor Pages**, and modern practices using **TypeScript** and **PostgreSQL**.

SKILLS

- **Languages:** C++, C#, Java, JavaScript, TypeScript, PHP, HTML, CSS
- **Frameworks & Tools:** Next.js, NestJS, ASP.NET MVC, React, Tailwind CSS, Figma
- **Databases:** PostgreSQL, MySQL, MSSQL, Oracle
- **Others:** Zustand, Toastr, JWT, Multer, Nodemailer, Stripe, Select2, Rotativa, AJAX, Razor Pages

PROJECTS

E-Commerce Website

May 2025 - Jun 2025

- Designed a full-featured ecommerce platform using **NestJS** for the backend and **Next.js** with **Tailwind CSS** for the frontend, supporting Admin, Customer, and Guest roles.
- Implemented a secure payment gateway with **Stripe**, integrated **Multer** for file uploads, and utilized **Nodemailer** for order confirmation emails, ensuring a seamless checkout experience.
- Managed global cart state efficiently with **Zustand** and provided interactive user feedback through **Toastr** notifications.
- *Repo: github.com/nocillax/ATP3-Ecommerce-Site*

Inventory & Sales Management System

Apr 2025 - Jun 2025

- Developed a comprehensive inventory and sales management system using **ASP.NET MVC** and **MSSQL**, featuring distinct Manager and Salesperson roles.
- Integrated **Rotativa** for dynamic PDF invoice generation and implemented real-time product search functionality using **AJAX** with **Select2** dropdowns.
- Secured user authentication with **JWT** and provided analytical insights through KPI tracking and dashboard visuals.
- *Repo: github.com/nocillax/Inventory---Sales-Management-System*

TeamSync - Project Management Platform

Dec 2024 - Jan 2025

- Built a multi-user project management platform with **Core PHP** and **MySQL**, supporting Admin, Project Manager, Developer, and Client roles with tailored dashboards.
- Implemented full project lifecycle management with **AJAX**-powered search, manual session handling, and custom routing for streamlined performance.
- *Repo: github.com/nocillax/TeamSync*

EDUCATION

Bachelor of Science in Computer Science & Engineering

Jan 2022 - Present

American International University-Bangladesh (AIUB)

- Major in Software Engineering | CGPA: 3.98

AWARDS & CERTIFICATES

- Academic Scholarship Recipient (Jan 2023 - Present)
- Dean's Honor List (5 Semesters)
- IELTS Score: 7.5 (Achieved Jan 2022)
